

# The easiest way to find and engage the right talent.

Find the right talent – in social networks or on the web. With **Jobvite Source**, you can take advantage of high quality, free sources of passive candidates and you can do it with the resources you have now. It's the smart, practical, social recruiting application.

## Engage everyone in social recruiting.

Empowers employees to use social networks to grow referrals – the highest quality, lowest cost source of hires. Every employee can send a Jobvite to extend the targeted reach of the company's network with social, viral distribution through LinkedIn, Facebook, Twitter as well as email.

Referrals are **1/5th** the the cost of a direct hire and **1/8th** the cost of an agency hire.

## Find passive candidates out on the open web.

Empowers employees to use social networks to grow referrals – the highest quality, lowest cost source of hires. Every employee can send a Jobvite to extend the targeted reach of the company's network with social, viral distribution through LinkedIn, Facebook, Twitter as well as email.

## Build your talent pool.

Spend less time searching through websites, emails and spreadsheets for lead information and more time cultivating top prospects. Easy to use, Web 2.0 candidate relationship management organizes lead generation and sourcing results.

## What used to be hard is now easy.

Jobvite Source harnesses advanced matching technology to help your jobs find the right people. So it's easy and practical to open a social recruiting channel, very inexpensively, without specialized skills.

## Works with everything.

Jobvite Source works independently or with other applicant tracking and recruiting software.

“We are now leveraging social channels at a fraction of the cost of traditional methods.”
